

TESTIMONIES

For over 1.5 years my 4 orchids didn't flower. One month with my Aloe Vera Spray, a few stems of flowers emerged. Even my plants love it! I like to spray this Aloe Vera Spray over my neck & face daily. It is my strong belief that together with my Bettalife Aloe Vera drink, minimum 50ml 2-3x a day, I am enjoying a much better quality of life and I look younger too according to my friends.

Whenever I had a fall or surgery, my skin tends to overgrow over the cut areas and they looked awful. When I had the BCG jab during school days, a lump of skin, keloid, started to grow over my left shoulder. Gradually, it grown to 5 lumps and they are painful and inflamed. For years I did nothing but when friends pat my left shoulder, I would cry out in pain. Then after some months of apply the Aloe Vera Jelly and drinking the Aloe Vera Drinking Gel from Bettalife, all my keloids had flattened out & now they are gone, just an image is left. Thank you for this miracle healing.
